BARBARA BENARY, eastern musicologist, has formed an orchestra of gamelan instruments (researched and designed by Dennis Murphy.) In this concert, the instruments are played by a group from Rutgers University. In the second half of the program, the audience will be invited to play and improvise on the instruments. The gamelan has a resonance and sound quality unique among instruments.

MIRIAM MORRISON, dancer, worked and studied in Java, where she was a member of a classical court dance company. She will perform in authentic elaborate costume and makeup.
