Gamelan Son of Lion is a new music repertory ensemble and composers' collective based in downtown New York City, specializing in contemporary pieces written for the instruments of the Javanese gamelan percussion orchestra. Our instruments are built in Indonesian village style using steel keys, cans, hubcaps, etc. along with traditional drums and gongs, and are tuned in the traditional slendro and pelog scales.

Gamelan Son of Lion has been performing and presenting new music in the greater New York area since 1976. With guest dancers we present a preview of "The Saraswati Project" directed by Elise Long, to be presented in its entirety at Lincoln Center Out of Doors on August 11th.
